The Census is coming, and Coffee County needs your help!

The 2010 Census determines the amount of federal money Coffee County will receive, and each Census is worth \$30,000!
Census data provides funds for teacher salaries, water/sewer/road construction, school lunch programs, food stamp funds, Women/Infant Children food funds, health care services, and an endless list of federal programs.

Help us count everyone in Coffee County!

Make sure your employees know the importance of completing the Census. Dedicate a portion of the day to having each of your employees fill out the Census.

Everyone counts in Coffee County, so please help count everyone!
The future of our community depends on it!
